Lithium-ion batteries, essential for modern industry and daily life, stand out for their high energy density, long life cycle, no memory effect, and deep discharge capacity.

Get 36V lithium batteries with automotive-grade cells and built-in protection. Suitable for various applications including marine and solar setups.

Looking for 36v solar container lithium battery pack has 22v left? Browse our selection and find the right fit for you!

These devices play a crucial role in bridging solar power generation with energy storage solutions, especially when paired with lithium batteries. This ...

Our team selects the proper cell (lithium ion, lithium ion polymer, LiFePO4 and Ni-MH) for each application. They then assemble, test, and validate your design to ...

Compact 36V 20Ah LiFePO4 battery with 720W output. Built-in PCM protection, perfect for e-bikes, robotics, and high-voltage applications.

"Big Battery made converting our 48v lead acid EZGO cart to lithium a breeze. Our cart is lighter, faster and the range went up dramatically using just a single Falcon Elite battery.

Huijue's lithium battery-powered storage offers top performance. Suitable for grids, commercial, & industrial use, our systems integrate seamlessly & optimize renewables. High-density, long-life, & ...

China's leading BESS company, dedicated to developing the best battery energy storage system and improve the efficiency of renewable energy storage.
