Equipped with LiFePO4 batteries, advanced 3-level BMS, and bi-directional PCS, they ensure safety, performance, and long lifespan. Certified with IP54 protection, they support both grid and off-grid ...

Combines LFP batteries, PCS, EMS, BMS, power distribution, fire protection, and cooling systems in one all-weather unit.

Full-scale 500kW hybrid solar energy system with 1104kWh lithium battery, 720Wp Topcon panels, ATS auto switching, and EMS control. Perfect for factories, ...

The BESS solution delivers utility-grade energy storage for commercial and industrial applications. The system features modular architecture supporting 250kW to 500kW continuous power output with ...

Our cutting-edge energy storage solutions are designed to meet the growing demand for reliable, efficient, and eco-friendly power systems in an increasingly energy-conscious world.

The outdoor energy storage cabinet integrates modular PCS, energy management monitoring system, and distribution system. With modular PCS, it is easy to maintain and expand.

Featuring a split PCS and battery cabinet design, it offers 1+N scalability and integrates seamlessly with solar PV, diesel generators, the grid, and utility power.

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

This solution uses 5 sets of modular outdoor cabinet energy storage system, which supports up to 15 units in parallel. It's an ideal choice for peak-shaving and valley-filling in zero-carbon parks and villa ...
