Datasheet Ulica Solar N type Topcon 570-580W Double Glass BiFacial N-Type.

Philadelphia Solar's Mono-Crystal-line N-type modules with power up to 585Wp are produced using the state-of-the-art (automated) robotic production lines. ese modules are suitable to be used for most ...

560-585W HY-DH144N8 144 Pieces | HALF-CELL | N-Type High Conversion Efficiency Module efficiency up to 22.6% based on N-Type wafer and advanced N-Type cell technology

Featuring advanced 16-busbar (16BB) half-cell technology and a durable double-glass bifacial design, this module delivers higher energy yield, long-term ...

Yes, these panels use advanced N-Type TOPCon cell technology, which ensures strong performance even in low-light environments such as cloudy conditions or ...

Yes, the TOPCon BiMAX5N solar module features a robust ...

Our extra large, highly efficient n-type TOPCon solar panel comes in a bifacial dual glass version, designed for utility scale ground mounted applications. The module generates additional power from ...

Type: DMxxxM10T-B72HSW Power Range: 575 - 590 W Max. Efficiency : 22.8 % Bifacial Module Application Up to 25 % higher electricity yields due to active cell technology in bifacial glass/glass ...

This 585W module outperforms traditional P-type modules with higher power output and enhanced durability. Equipped with N-type solar cells resistant to light-induced degradation, it ...
