Cologne, August 5, 2024 - DEUTZ completed its purchase of all the shares in Blue Star Power Systems, Inc. at the start of August, having ...

contentment. gratitude. room to breathe again. Life didn't change. I changed. I stopped chasing more and started choosing ...

Solar Star is a 579-megawatt (MWAC) photovoltaic power station near Rosamond, California, United States, that is operated and maintained by SunPower Services. When completed in June 2015, it was the world's largest solar farm in terms of installed capacity, using 1.7 million solar panels, made by SunPower and spread over 13 square kilometers (3,200 acres).
