Introducing our 50kW / 100kWh high-voltage outdoor energy storage solution designed for commercial and industrial (C& I) applications.

Bluesun 30/50kW all-in-one industrial lithium battery energy storage system provides a complete, scalable solution for factories, warehouses, and commercial facilities, covering both 30kW and 50kW ...

Your Energy Guardian Anytime, Anywhere PowerCore 50kW/100kWh Energy Storage System, engineered for seamless, solar-driven resilience across homes, farms and industrial sites.

With a capacity of 114KWH and a power output of 50KW, it ensures a stable energy supply, peak shaving, and load-shifting capabilities. The 114KWH ESS energy ...

50KW/96KWH C& I Energy Storage System 50KW/96KWH C& I Energy Storage System is a stable and efficient industrial and commercial energy storage system designed for small and medium-sized ...

Energy Cube 50kW-100kWh C& i ESS integrates photovoltaic inverters and a 100 kWh energy storage system. It includes battery cells, Battery Management ...

A 50 kW / 100 kWh CHS2 system paired with a 100 kWp PV array can cover a significant portion of a factory's daytime energy needs, saving thousands on ...

The 50kW/100kWh Solar Energy Storage system Integration adopts the 'All-In-One' design concept, which integrates the hybrid inverter, Li-ion battery, fire protection system, temperature control ...

Pisen's 50kW/232kWh C& I energy storage system. Features an integrated LiFePO₄ battery, ideal for peak shaving, power quality, and scalable expansion.
