Price for 1MWH Storage Bank is \$774,800 each plus freight shipping from China. To discuss specifications, pricing, and options, please call us at (801) 566-5678.

It'll go 400 miles on a charge, and with solar panels plastered all over it, you may never even have to plug it in, Aptera says. Pricing is listed on the Aptera website at \$30,700. There is no ...

Designed to have a 400-mile range, up to 40 miles per day of free solar-powered driving, and a high-torque electric drivetrain, Aptera gives you the freedom to move like never before. Vehicle shown is ...

Aptera is the world's first Solar Electric Vehicle that requires no charging for most daily use - giving you the freedom to do more with less impact on the planet.

When considering the financial investment involved in acquiring a smart energy storage power supply vehicle, several elements need thorough examination. Vehicle models demonstrate ...

It starts at \$25,900 and offers up to 1,000 miles of range with a full charge. Pre-orders require a refundable \$100 deposit.

At \$25,900, the Aptera compares very favorably to other EVs, not even taking into account its solar benefits. Non-solar EVs like the Nissan LEAF, Kia Niro EV, and Audi e-tron are priced higher, yet are ...

We would like to show you a description here but the site won't allow us.

Aptera's target pricing ranges from \$28,000 to \$55,000, with anticipated models ranging from 250 to 1,000 miles of range. We expect to begin production with the 400-mile range Launch Edition vehicle ...
