C& I 60kWh Battery cabinet Sunwoda's OASIS 60 is a modular, high-performance battery energy storage system designed for commercial and industrial scale applications.

The AceOn Stack 24-60kW 48-120kWh modular battery storage system is fully integrated with a 3 phase inverter that can operate on or off grid, up to 10 battery storage modules and an energy management ...

The HBD-30 kW-60 KWh Battery Energy storage system is a new range of secure integrated Battery Energy storage system. This mobile and modular solution includes batteries, PCS and control ...

This modular, high-energy-density high-voltage solution provides efficient and sustainable energy security for enterprises, factories, commercial buildings, etc. with excellent performance, reliable ...

Helping to minimize energy costs, it delivers standard conformity, scalable configuration, and peace of mind in a fully self-contained solution. The battery ...

The modular high voltage battery pack design allows you to start with a single 60kWh unit and easily expand by adding more racks in parallel to reach MWh-level capacity as your energy needs grow.

The modular LiFePO4 rack battery storage system offers flexible configurations ranging from 20kWh to 60kWh, making it ideal for diverse energy storage needs ...

GSL ENERGY presents a high-voltage, modular lithium battery system built for both residential solar energy storage and telecom backup power applications. Each 3U 51.2V 100Ah LiFePO4 module ...
