---

Our solar panel aluminum frame disassembly machine is a purpose-built solution for the first stage of solar panel recycling -- removing aluminum frames and ...

The fully automatic solar panel frame removal machine is independently developed by SUNY GROUP. You only need to manually place the waste solar ...

The Solar Panel Aluminum Frame Dismantling Machine is an economical, fully automated device specifically designed for photovoltaic module recycling. It efficiently removes aluminum alloy ...

Product spotlights Supplier highlights: This seller is a manufacturer and trader maintaining a 100.0% positive review rate

The frame dismantling machine uses precision robotic arms and specially designed fixtures to firmly fix the photovoltaic panels on the work platform. Next, precise positioning of the photovoltaic panel ...

The dismantling of waste photovoltaic panel frame equipment has the advantages of low energy consumption and easy operation. We can also customize ...

Through automation or semi automation, it quickly and accurately separates the photovoltaic panel from the metal frame, improves recycling efficiency, and reduces manual labor intensity. It is one of the ...

Function: The system uses robotic arms, cutting tools, and sensors to automatically identify and dismantle aluminum frames from PV panels without manual ...

The photovoltaic panel aluminum frame dismantling machine is a device used to dismantle the aluminum frame of photovoltaic panels, mainly applied in the field of waste photovoltaic ...
