With a global presence that extends to Brazil, Morocco, Ukraine, Vietnam, and beyond, we are proud to be at the forefront of solar innovation. Our footprint in ...

50kW/100kWh outdoor cabinet ESS solution (KAC50DP-BC100DE) is designed for small to medium size of C& I energy storage and microgrid applications. ...

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has ...

The system integrates core parts such as the battery storage system, PCS, fire extinguishing system, temperature control systems, and EMS systems in one cabinet. The clean solar energy is the best ...

All-in-one 50kW/100kWh ESS cabinet for solar storage, backup, and peak shaving. Outdoor-rated, air-cooled, and easy to install with full EMS control.

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

When needed, the energy storage battery supplies the electricity to the charging pile. Through the light-storage-charging system, this clean ...

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the top, and has ...

50kW and 125kW energy storage power modules, support on or off grid mode, air-cooled battery or liquid-cooled battery optional, has transformer, has STS module to achieve 10ms seamless switching.
