Paired with solar modules, the RCT Power Storage provides clean energy and recharges the RCT Power Battery efficiently. The modular design integrates easily into the building environment.

The intelligent RCT Power electricity storage units optimise self-consumption and ensure that as much solar electricity as possible remains in your household. With increasing self-sufficiency, your ...

With a RCT Power storage systems you store your solar power locally and use it whenever you need it. Controlling energy costs and safeguarding you from power outages.

The RCT Power Battery stores your solar energy for use when the sun is not shining, using especially safe and environmentally friendly LiFePO<sub>4</sub> battery cells. The modular system can be upgraded and ...

Get the most out of your photovoltaic system. Generate, store and manage your own clean energy for whenever you need it. Introducing the POWER STORAGE US 15, a modular 15kW hybrid inverter ...

RCT Power storage systems offer a particularly efficient storage solution for residential photovoltaic systems. The modular design is suitable for use with new as well as retrofitting of existing PV ...

With an RCT Power electricity storage unit you store your solar power locally and use it whenever you need it, including night-time and days with very low or no sunshine.

This all-in-one cabinet offers maximum performance in a small space. It is fully equipped with LiFePO<sub>4</sub> battery modules, AC/DC inverter, liquid cooling, multi-level battery management system and ...

The RCT Power Storage AC uses high voltages keeping the charging and discharging currents low. This approach minimises the temperature cycles in the battery resulting in significantly extended battery ...
