The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly aluminum rail system, ...

We are proud to announce the successful installation of a containerized lithium battery energy storage system in Austria, shipped directly from our manufacturing base.

The storage facility featuring six Megapack 2XL systems from Tesla was built over a seven-month period in the vicinity of a wood gas generator and a solar farm. The project has a power ...

This project combines high-capacity lithium battery storage, advanced hybrid inverters, and next-generation PERC solar panels to provide clean, reliable, and cost-effective power in a region ...

This project combines high-capacity lithium battery storage, advanced hybrid inverters, and next-generation PERC solar panels to provide clean, reliable, and cost-effective power in a region

Entdecken Sie die 7 größten Smart-Energy-Storage-Projekte in Österreich. Mit Details zu Standorten, Technologien und Kapazitäten. Jetzt lesen!

Compatible with various Dewalt 20V Max lithium-ion batteries, this battery converter allows you to transform DC 20V power into AC 110-120V, providing a portable power station during power outages ...

FTMRS SOLAR specializes in photovoltaic power generation, solar energy systems, lithium battery storage, photovoltaic containers, BESS systems, commercial storage, industrial storage, PV ...

Lithium-ion batteries have become the backbone of modern energy systems. In Austria's Salzburg region, a specialized assembly factory is driving innovation in energy storage solutions, catering to ...
