These developments in solar industry conditions and policies have affected U.S. manufacturing capacity, solar PV installations, component imports, and ...

Mr. Trump has for years dismissed wind turbines and solar panels as ugly and expensive. In July, Republicans in Congress phased out federal tax credits for wind and solar power.

On the good side, solar continued its run of astonishing growth, generating 35 percent more power than a year earlier and surpassing hydroelectric power for the first time.

The Hopi Tribe received a multimillion-dollar federal grant to install solar panels and battery storage systems for hundreds of homes. But the Trump administration has canceled the funding.

The sprawling Republican budget bill approved by the Senate Tuesday removes a proposed tax on solar and wind energy projects but quickly phases out tax credits for wind, solar and other renewable energy.

Cubans are scrambling to install solar panels on their homes, shops and vehicles to combat extended blackouts as Washington prevents oil shipments from reaching the Caribbean's ...

According to the poll, 68% agreed that the United States needs a diverse mix of electricity generation--including utility-scale solar--to help lower power costs, compared to 22% who ...

President Donald Trump's domestic policy package, passed earlier this summer, sent shockwaves through the renewable industry as it ended ...

Agency actions from the outgoing administration such as the BLM Western Solar Plan may be under scrutiny with new leadership and majorities in Washington. The expansion of energy ...
