OverviewSolnova Solar Power StationPlanningPS10PS20See alsoExternal linksThe Solnova Solar Power Station is a large CSP power station made up of five separate units of 50 MW each. With the commissioning of the third 50 MW unit, the Solnova-IV in August 2010, the power station ranks as one of the largest CSP power stations in the world. Solnova-I, Solnova-III, and Solnova-IV were commissioned in mid-2010 and are all rated at 50 MWe in installed capacity each. All five plants are built, owned and operated by Abengoa Solar, a Spanish sola...
